STYL'One
Nano »

THE NEW ALIX SOFTWARE ENVIRONMENT
is an integrated R&D platform for demanding
formulation scientist with future in mind.

MEDELPHARM
the tableting instrument company

ALIX, integrated software platform designed for formulation and R&D scientists in solid dosage environment

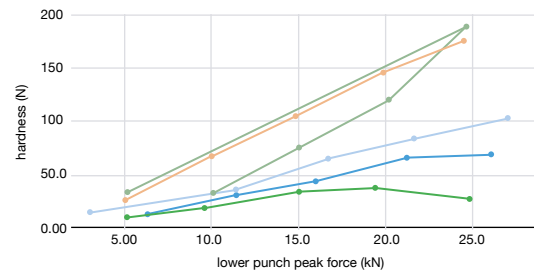

FROM POWDER TO A FULL ANALYTICAL CHART IN LESS THAN 5 MINUTES

- ◆ Set up experiments efficiently and accurately
- ◆ Get fast feedback on your experiment
- ◆ Handle complex datasets confidently thanks to „Smart Analytics“ helper
- ◆ Intelligent suggested plots - Pre defined USP <1062> plots
- ◆ No need to export to another software with powerful library tools included
- ◆ Investment protection with widely used open source software

Screen your formulations in a flash

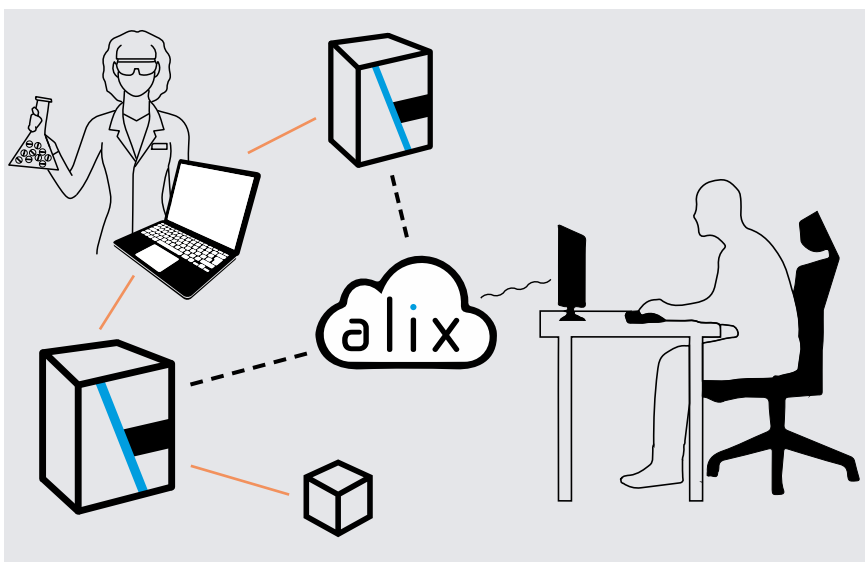

IN LESS THAN 5 MINUTES!

ORCHESTRATE LAB INSTRUMENTS, SHARE DATA FOR OPTIMAL EXPERIMENTS ENVIRONMENT

- ◆ Access data from any network computer
- ◆ Gather and share compaction process & tablets metrics
- ◆ Data integrity from the start through to secure database and direct data exchange
- ◆ Build your own database of APIs and excipients with powerful search engine
- ◆ Share, compare among other Alix users
